

GOCs HR - Complete Testing Guide

Purpose: End-to-end UAT for every sidebar item on Admin Portal and Employee App.

Date: September 2026

1. Access and Logins

URLs

- Admin Portal (primary): <https://hrdemo.digitaldive-stage.digital>
- Portal backup: <https://gocs-hr-portal.vercel.app>
- API: <https://digitaldivetech-001-site4.gtempurl.com/HRMDevelopment>

Demo accounts (password for all: demo123)

- HR Admin (Sara): admin@digitaldive.demo -> Portal only
- Team Lead (Ahmed): ahmed@digitaldive.demo -> Mobile app
- Employee (Fatima): fatima@digitaldive.demo -> Mobile app

Notes

- Admin = web portal. Employees / team leads = Android app.
- Portal: after deploy use Ctrl + Shift + R.
- App: install latest release APK.

2. Critical Cross-Flows (test first)

A. Leave (full chain)

- [] 1. Fatima/Ahmed | App > My Leaves | Apply leave
- [] 2. Admin | Portal | Leave and/or Approvals show number + top toast (~5s)
- [] 3. Ahmed | App > Team approvals | Approve as team lead
- [] 4. Admin | Portal > Approvals / Leave | Final approve
- [] 5. Employee | App > Notifications | Sees approval update
- [] 6. Admin | Portal > Notifications | Message shows employee NAME (not Your...)

B. Certificate

- [] 1. Employee | App > Certificates | Request certificate
- [] 2. Admin | Portal | Certificates badge + toast
- [] 3. Admin | Portal > Certificates | Approve / issue
- [] 4. Employee | App | Sees issued / downloadable result

C. Documents and employee master

- [] 1. Admin | Portal > Documents | Upload passport / Emirates ID / visa
- [] 2. Admin | Portal > Employees | Add employee (master form + photo)
- [] 3. Admin | Portal > Employees | Edit existing + save master tabs

3. Portal - Full Sidebar Checklist

Login: admin@digitaldive.demo / demo123

URL: https://hrdemo.digitaldive-stage.digital

OVERVIEW

- [] 1. Dashboard - Opens; headcount / pending leave / docs / recent attendance show
- [] 2. Manager Self-Service - Team roster / leave / attendance / approvals view loads
- [] 3. Reports & Analytics - Reports / widgets load without error
- [] 4. Notifications - List loads; employee NAME in message; Mark all read; Run alert generator
- [] 5. Approvals - Pending show Approve/Reject; badge when pending; list refreshes
- [] 6. Help & Manuals - Manuals / help page opens

CORE HR

- [] 7. Employees - List + org chart + bulk upload; Employee Master Data add/edit; photo upload; tabs save
- [] 8. HR Masters - Designations / employment types add or list
- [] 9. Divisions - List divisions; add/edit if available
- [] 10. Onboarding - Checklist / onboarding rows load
- [] 11. Recruitment & ATS - Jobs / candidates screens load; create if UI allows
- [] 12. Employee Exit - Exit requests list / create
- [] 13. Compliance - Compliance items load
- [] 14. Performance - Reviews / goals load
- [] 15. Training - Training list / assign
- [] 16. Assets - Assets list / assign
- [] 17. Travel & Expense - Travel / expense requests load
- [] 18. Attendance - List loads; save attendance; auto-refresh (~5s)
- [] 19. Leave - Leave requests list; pending badge when new leave applied
- [] 20. Certificates - Pending / issued list; badge when new request
- [] 21. Payroll - Run / view payroll; division-aware export if shown

SELF SERVICE (admin view)

- [] 22. ESS Portal - ESS overview loads
- [] 23. Documents - Upload + table (passport, Emirates ID, visa, contract)

Portal alerts (overall)

- [] New leave -> badge on Leave and/or Approvals + toast
- [] New certificate -> badge on Certificates + toast
- [] Unread / generated alerts -> Notifications badge
- [] Expiring docs -> Documents badge (if due soon)
- [] Toast text names the type (leave / certificate / attendance / approval)
- [] Badge stays until count is 0 (not cleared only by opening tab)

4. Mobile App - Full Sidebar Checklist

Install latest APK.

Logins: fatima@digitaldive.demo or ahmed@digitaldive.demo / demo123

Login and chrome

- [] 1. Login - Email/password; keyboard does NOT keep flickering open
- [] 2. Theme toggle - Light/dark works; fields stay usable
- [] 3. Menu badge - Number of sections with alerts
- [] 4. Top toast - New leave / certificate / attendance shows popup; tap opens that tab

SELF SERVICE menu

- [] 5. ESS / Home - Tiles / shortcuts open correct screens
- [] 6. Team approvals (Ahmed only) - Pending leave for team; approve/reject
- [] 7. My Leaves - Balance / history; apply leave; status updates
- [] 8. Certificates - Request certificate; see status
- [] 9. My Attendance - Own attendance rows load
- [] 10. My Payslips - Payslips list / open
- [] 11. Notifications - List; mark read; badges clear when handled
- [] 12. My Documents - Own docs list
- [] 13. Directory - Colleague directory (no salary fields)
- [] 14. Profile - Own profile info

App <-> Portal connection

- [] Leave applied in app appears on portal Approvals/Leave
- [] Certificate requested in app appears on portal Certificates
- [] Portal HR approve leave -> employee sees update in app
- [] Portal issue certificate -> employee sees in app

5. Suggested Test Order (1-2 hours)

- 1. Portal login (admin) - Dashboard + Help
- 2. Portal Employees - open one profile + photo
- 3. Portal Documents - one upload
- 4. App login (Fatima) - ESS + apply leave
- 5. Portal - confirm Approvals/Leave badge + toast
- 6. App (Ahmed) - Team approvals
- 7. Portal - final leave approve + Notifications name check
- 8. App (Fatima) - certificate request
- 9. Portal - Certificates approve/issue
- 10. Portal - Attendance + Payroll smoke
- 11. Portal - remaining Core HR tabs open (no crash)
- 12. App - remaining menu tabs open (no crash)

6. Sign-off

Tester Name: _____

Date: _____

Result: Pass / Fail / Partial

Notes: _____

7. Quick Reference

- Portal: Next.js
- App: Flutter (Android)
- API: .NET
- DB: PostgreSQL (Neon)

Leave flow: Employee (app) -> Team lead (app) -> HR (portal)

Support tip: If portal looks old, hard refresh. If app missing toast/keyboard fix, reinstall latest APK.
